BZA Application Form

BZA Number: 250990

General Information

The undersigned hereby petitions the Board of Zoning Appeal for the following:

Special Permit: _____ Variance: __X__ Appeal: _____

PETITIONER: IQHQ-Alewife LLC

PETITIONER'S ADDRESS: 201 Washington Street, MA, Boston 02108

LOCATION OF PROPERTY: **2 Alewife Pk , Cambridge, MA**

TYPE OF OCCUPANCY: Office and lab **ZONING DISTRICT:** Special District 3

REASON FOR PETITION:

/Change in Use/Occupancy/

DESCRIPTION OF PETITIONER'S PROPOSAL:

IQHQ-Alewife LLC (the "Petitioner") seeks a use variance pursuant to Section 10.31 of the Zoning Ordinance to allow for approximately 6,500 sq. ft. of gross floor area ("GFA") of restaurant use on the ground floor of Building No. 2 of the Alewife Park Project (the "Project") located at 36-64 Whittemore Avenue in the Special District 3 Zoning District ("SD-3"). Pursuant to Section 17.32.3 of the Zoning Ordinance, in the SD-3, any one

retail establishment must be limited to no more than 1,200 sq. ft. of GFA. The Petitioner seeks a use variance to allow for the additional approximately 5,300 sq. ft. of GFA of restaurant use.

The Petitioner began a community engagement process almost three years ago in connection with development of the Project. This community engagement process is actively ongoing. During this continuing process, it has been uniformly stated that a public use, full service restaurant is needed for both tenants and the community.

Section 17.32.2 expressly allows for restaurant use (Use 4.35(f-1)), but limits any individual retail establishment to 1,200 sq. ft. of GFA. This restriction renders a restaurant infeasible for the Project. The Petitioner seeks a use variance to allow a single restaurant that includes approximately 6,500 sq. ft. of GFA to provide tenants and the community with a desired use.

SECTIONS OF ZONING ORDINANCE CITED:

Article: 17.000 Section: 17.32.2 (Permitted Non-Residential Uses).
Article: 4.000 Section: 4.35.f.1 (Restaurant Use).
Article: 10.000 Section: 10.30 (Variance).

Describe where applicable, other occupancies on the same lot, the size of adjacent buildings on same lot, and type of construction proposed, e.g; wood frame, concrete, brick, steel, etc.:

The proposed retail use is a part of the Alewife Park Project. The Alewife Park Project includes the renovation of two buildings (the former One Alewife and Building 29, to be renamed Buildings 1 and 2 respectively) and the construction of three new three-story lab/office buildings (Buildings 3, 4, and 5) and a four-story parking structure.

The proposed program mix for Buildings 3, 4 and 5 consists of approximately 60-percent lab and 40-percent office in addition to campus amenities, including pedestrian plaza, outdoor seating areas, space for food trucks, temporary performance platform and other such programming and design features and retail space for two distinct concepts. In addition to the new construction buildings, Buildings 1 and 2 will be improved and converted to include lab use with a ratio of lab to office consistent with the new buildings.

The approved site plan includes six structures connected by a service drive, pedestrian paths and landscaped areas. The proposed parking garage will also be a new building and will consolidate at-grade parking spaces that are currently spread throughout the Proposed Site.

1. SEE CAMBRIDGE ZONING ORDINANCE ARTICLE 5.000, SECTION 5.30 (DISTRICT OF DIMENSIONAL REGULATIONS).
2. TOTAL GROSS FLOOR AREA (INCLUDING BASEMENT 7'-0" IN HEIGHT AND ATTIC AREAS GREATER THAN 5') DIVIDED BY LOT AREA.
3. OPEN SPACE SHALL NOT INCLUDE PARKING AREAS, WALKWAYS OR DRIVEWAYS AND SHALL HAVE A MINIMUM DIMENSION OF 15'.

BZA Application Form

SUPPORTING STATEMENT FOR A VARIANCE

EACH OF THE FOLLOWING REQUIREMENTS FOR A VARIANCE MUST BE ESTABLISHED AND SET FORTH IN COMPLETE DETAIL BY THE APPLICANT IN ACCORDANCE WITH MGL 40A, SECTION 10.

A) A literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons:

The 1,200 sq. ft. of GFA limitation on retail in Sec. 17.32.2 creates a hardship as literal enforcement would prevent a full service restaurant from being operationally feasible as it would limit (a) the type of restaurant that would be operated in the space, (b) hours or operation, and (c) food and beverage options. These limitations would significantly and adversely impact whether a restaurant would be successful at this location.

A literal enforcement of Sec.17.32.3 of the Zoning Ordinance would involve a substantial hardship and would be inconsistent with the community interest as it would prevent (i) the Project from including a use that is expressly allowed under applicable zoning and (ii) a use that is desired by both the community and the Petitioner. It is understood that the applicable zoning was drafted to prevent " box store ," high traffic, retail on the Site, but it was not intended to preclude reasonably sized restaurant space.

B) The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located for the following reasons:

The unique nature of Building No. 2, which is a research and development building that has been located on the Site for several decades, does not allow for retail or community service establishments that are visible or directly accessible from Whittemore Avenue. Retail and consumer service establishments can only be developed on the south side of the building. The lack of visibility and direct access from Whittemore Avenue to the retail or consumer use establishments within Building No. 2 create profound challenges for the viability of small retailers having 1,200 square feet or less, thereby creating a real hardship for the Project.

C) **DESIRABLE RELIEF MAY BE GRANTED WITHOUT EITHER:**

1) Desirable relief may be granted without substantial detriment to the public good for the following reasons:

Granting the requested use variance would not be detrimental to the public good. Retail, and specifically restaurant, is allowed in the SD-3 , but such use is limited to 1,200 sq. ft. of GFA. The community has expressed a desire for a successful full service restaurant space and the Petitioner's needs to include this type of amenity space to attract the types of tenants that would occupy a Project that is a world-class hub for research and innovation. The proposed use variance is necessary to make a restaurant viable in the proposed pace and there would be no detrimental impact if the use variance is granted.

2) Desirable relief may be granted without nullifying or substantially derogating from the intent or purpose of this Ordinance for the following reasons:

Granting the requested uses variance would not nullify or substantially derogate from the intent or purpose of the Zoning Ordinance as the proposed use would not just encourage an expressly allowed

use, but would make such a use viable in this location and it would allow the Proponent to provide a use that is compatible with the expressly stated request of the community.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**
